Product Categories

> This feature is available to Site Managers depending on system configuration.

You can visually display products together under one category on home pages using category bundles.

1. Create a bundle.

2. Select **Category** from the **status** from the drop-down menu.

3. Select a **Type** from the drop-down menu.

4. **Save**.

5. Apply the category to one or more user groups. Follow the steps for Add or Remove User Groups .

6. Add the products that appear under the category. Follow the steps for Add or Remove Bundle Products .
