

Select Check Boxes

A check box, selection box, or tick box can be toggled to select or deselect an item.

- A selected item has a check mark inside the box.
- An unselected item appears as an empty box.

Example of one item selected in a check box.

Select	User Group	Status
<input checked="" type="checkbox"/>	All Learners	Active
<input type="checkbox"/>	DIV 2 - All	Active
<input type="checkbox"/>	DIV 2 - Business Development Manager	Active
