

Calendar & Events (DEPRECATED)

Some systems have a calendar to show events, tasks, and deadlines for courses, modules, and tests. Items may be added automatically based on their due dates or scheduled by managers, publishers, and instructors. You can also add personal tasks. You can access the calendar from your home page.

Today

Today automatically shows assignments and evaluations that have a deadline of today (e.g. the publishing date ends on today's date).

My Tasks

My Tasks keeps track of to-do lists and personal items within Informetica. Tasks may be added by you, a manager, publisher, or instructor. Tasks that you add personally are private and you can opt to view them on the calendar in addition to My Tasks.

News

News items are added by a manager, publisher, or instructor and show items within a set date range.

For example, an event scheduled from March 1-March 15, will not appear in the news box before March 1 or after March 15. The news box lists a maximum of 10 news items at once.
