Display Dictionary Users

A Site Manager can view which campuses or accounts make use of a specific dictionary. This can be espcially useful when considering inactivating or deleting a language or dictionary.

- 1. Navigate to Dictionaries .
- 2. Select **Display Users** or **Campuses** for the applicable dictionary.

Display users and view campuses from

3. Optionally use the sort options menu on the right to change how the user list is displayed. If

you cannot see the menu, select the > arrow to open or close the menu.

4. Optionally change an individual's language. Select a name on the display to open their profile

page and then use the language the drop-down menu to select a new default language.
