

Detailed and List Views

Many information pages have two views. To switch between views, select the List View or Detailed View link at the top right of the page.

List View displays the information on a page in rows so you can view many entries at once. Edit details or delete options are generally available via additional menus on the right. List view contains icons that let you interact with the line items. Hover over an icon to see what action it will perform.

View: [List](#) | [Detailed](#)

ID	Name	Description	Status	Created	Edited		
55109	Engineering		active	10/1/2019 4:29:32 PM Shelley Jacobson	11/27/2019 12:18:58 PM Sencia Administrator		
55108	Public Works		active	10/1/2019 4:28:52 PM Shelley Jacobson	11/27/2019 12:19:27 PM Sencia Administrator		
55111	Solid Waste		active	10/1/2019 4:31:49 PM Shelley Jacobson	11/27/2019 12:19:49 PM Sencia Administrator		
55110	Transit		active	10/1/2019 4:30:19 PM Shelley Jacobson	11/27/2019 12:20:08 PM Sencia Administrator		

Detailed View displays more information about each item in the information box, but show fewer entries on the page at once. Detailed view contains links or action buttons that let you interact with the line items.
