

# Enrollment and Classroom Tools

The participant list is used to manage existing course enrolments and pending enrolments and offer some simple classroom tools. Select an item below that applies.

## Navigate to Participant List

1. Navigate to the [Utilities menu](#) .
2. Select the name of a product from the product menu on the left side of your home page.

3. Scroll down to the Utilities menu and then select **Participant List**.

### Approve or Decline Pending enrolments

Products configured to restrict enrolment will place all users attempting to enrol onto the product a pending status. In this case, you must approve each enrolment and may also drop a user's enrolment at any time. A user may also drop their own enrolment request prior to being approved.

1. Navigate to Utilities Participant List (see above).
2. The list of enrolled users will show a status of pending to indicate that enrolment has not yet been approved.
3. Select the check box in front of the names you wish to approve or decline.
4. Select **Approve** or **Decline** at the top of the list.

## Email enroled Users

If you are using the scheduling tool, you may want to Email Session Participants instead.

1. Navigate to Utilities Participant List (see above).
2. Select the check box in front of each name you want to email.
3. Select the **Email** icon at the top of the page to generate the email list.
4. Select **Click here to email**.

Completion Approval

<input type="checkbox"/>	User Name	User Groups	Status
<input type="checkbox"/>	Jennifer Cameron	<ul style="list-style-type: none"><li>!</li><li>!!!test</li><li>!!test</li></ul> <a href="#">View All</a>	Approved
<input type="checkbox"/>	Éjason Épaynter	<ul style="list-style-type: none"><li>!!!General's</li><li>AICCClassroomGroup</li><li>test</li></ul> <a href="#">View All</a>	Approved
<input type="checkbox"/>	jasonTest19 jasonTest19	<ul style="list-style-type: none"><li>Jason User Group</li><li>test</li><li>TestDesktopMngCreateUserGroup</li></ul>	Approved

## Mark Users as Complete

This feature is available to Instructors, depending on system configuration.  
Products must be configured with a completion rule to be marked as complete.

This tool lets you grant completion to users who do not yet have a finish date such as a user who has met completion requirements without completing the test. Completion approval often used for blended courses that have an offline element to them. For example, an Instructor running a course may require the participant to email their final project in for review before the completion of the course can be determined.

1. Navigate to Utilities Participant List (see above).
2. Select **Completion Approval** at the top of the page to generate a list of names for everyone registered to the product that needs to have their completion of the product manually approved.
3. Select the check box in front of each name you want to mark for completion. 
4. Select **Approve Checked** at the top of the list. The completion approved field will read as either pending or approved, as applicable to the course configuration.

## Print Name Tags

1. Navigate to Utilities Participant List (see above).
2. Select **Name Tag** at the top of the page to generate a printable list of names for everyone registered to the product.
3. Select **Print** at the top of the name tag list to send the tags to your printer.

### Label Dimensions

- 8x10 paper size.
- 10 label per page, depending on your print settings (e.g. scale).
- Width: 125px(3.3cm), height 155px(4.1cm) per name tag.

## Print Attendance Sign-In Sheet

If you have the Scheduling tool enabled, you may wish to use the [Session Attendance Sheet](#).

1. Navigate to Utilities Participant List (see above).
2. Select **Attendance Sheet** at the top of the page to generate a printable list of everyone enrolled to the product.
3. Select **Print** at the top of the list to send the page to your printer.
