

Auditor Introduction

This manual has been written as a guide for Auditor account types (Type 14). Auditor accounts are used to run reports on other users enrolled in the courses they are assigned to. The activities that Auditors may undertake are covered in the following manuals:

- Informeteca navigation and general desktop experience can be found in the [Participant User Manual](#).
- Running reports can be found in the [Report User Manual](#).

Auditor accounts may have permissions to complete other activities such as:

- Take courses and tests
- Access earned certifications
- Download course materials
- enrol to courses
- Select language
- Update password
- View their grades and test results
